

Niki Weiss

Digital Legacy Thanatologist,
Death Tech Thought Leader & Founder
of *My Final Playbook Systems App*

Death Tech and Digital Legacy Thanatology expert, Niki is revolutionizing how busy professionals think about and navigate end-of-life planning.

Live Fully. Die Ready. The founder of ENDevo and creator of the My Final Playbook Systems App, Niki simplifies the often daunting process of end-of-life planning by **merging innovative digital tools with traditional methods**. By comprehensively planning and documenting various facets of your life—such as legal, financial, physical, and digital aspects—you gain **peace of mind to live fully and provide a roadmap for your loved ones** to navigate the challenges of death in the digital age.

With a background in healthcare, project management, and risk analysis, Niki brings a unique skill set to crafting personalized strategies that help her clients **develop a well-thought-out legacy plan**. My Final Playbook Systems App uses a holistic approach that guides users through a customizable journey of exploring **end-of-life options** by breaking down complex decision-making into **actionable steps**.

ABOUT ENDEVO

ENDevo is a pioneering death tech startup dedicated to simplifying end-of-life planning. Our mission is to **educate, guide, and empower individuals** to plan for the inevitable so they live fully and die ready.

We specialize in offering **comprehensive educational courses, personalized coaching, and expert consulting services**. By aligning with strategic partners, we provide a holistic approach to end-of-life preparation.

Our first product, *My Final Playbook Systems App*, recently launched, marking a significant milestone in our journey to **revolutionize how we approach and navigate the inevitable in the digital age**.
